## Background & Personal Details

Quickfingers is an old elf by definition. She was shuned by her family in the 4th world. She contracted a powerful wizard to bring her and her girl friend to a different time. She stepped out of the portal into down town Portland in 2072, just to realize her family was still in charge of things.

She never let them know she has returned, but her girlfriend has been killed by a Shadowrunner trying to renig on his job. Quickfingers hired a team to have him delt with, and set herself up as a fixer at the same time. She has a major network with a conection rating of 8.
